Workshops to look at growth near Keesler

Two public workshops will be held this week to get public input on economic growth in South Mississippi and how it may impact Keesler Air Force Base.

The workshop in D'Iberville is Tuesday at the Town Green, 10004 Central Avenue. Another workshop is Thursday at the Biloxi Community Development Building, 676 Martin Luther King Jr. Blvd. Both meetings are from 4:30-6:30 p.m.

A Joint Land Use Study is being prepared to look at achieving a balance between sustaining Keesler's mission and protecting opportunities for community growth.
